

Regional Housing Strategy

DANE COUNTY RHS | VISION STATEMENT

The RHS envisions an equitable and environmentally sustainable future, where all residents have access to quality and affordable housing in connected neighborhoods.

Accountability

All entities—public, private, and nonprofit alike—accept and share responsibility for providing attainable housing

Affordability

All people have housing they can afford

Economic Growth

Housing production keeps pace with employer growth and meets employee needs

Empowerment

Residents, practitioners, and elected officials have a shared understanding of housing needs and are equipped to leverage housing resources and programs

Equity

Historically excluded populations and lower-income households have access to quality housing

Sustainable Development

Housing is located near existing services, infrastructure, transit, amenities, and jobs, reducing environmental impacts and improving quality of life for all residents
